

# Technical Regulations for IAAF World Athletics Series

January 2015

## INTRODUCTION

The last printed version of the IAAF Competition Regulations was published in 1998. Since then, these regulations have been systematically updated to account for the many amendments and additions that have taken effect.

Due to the complexity and precision of the amendments, it became apparent that the re-editing of these regulations which govern the IAAF World Athletics Series Competitions was necessary.

In designing this revised version some modifications have been introduced to its structure and contents. Now, as some chapters have been removed and included in other organisational guidelines, the contents of these regulations essentially focuses on the technical aspects of competition organisation and conduct, and they are more appropriately titled “**IAAF Technical Regulations**”.

To the extent possible, a common structure has been maintained. Therefore, the order of chapters and numbering is basically the same amongst the sets of Regulations pertaining to each World Athletics Series Competition, whilst diverse items have been grouped in a more coherent manner.

The basic chapters, which apply to all the World Athletics Series Competitions, are now as follows:

1. General
2. Events Programme
3. Participation
4. Financial Conditions
5. Authority and Duties of the IAAF Council
6. Delegates and Officials
7. Technical Matters and Requirements
8. Protocol Matters

These Technical Regulations are subject to be amended to reflect any changes in the organisation and the conduct of IAAF World Athletics Series Competitions, which have been approved by the IAAF Council. When such amendments take effect, the IAAF will not print a new edition of the Regulations. The Regulations, including the updated chapters will be posted in the appropriate section of the IAAF Website, where they will be available for download.

Amendments since the previous edition (other than editorial) are marked by double lines in the margin.

We hope the Technical Regulations will provide you with a more understandable presentation of the Regulations that currently administer our World Athletics Series.

## 103 PARTICIPATION

### 103.1 Invitation to Participate

All IAAF Member Federations, hereafter called "Members", shall be invited by the IAAF General Secretary to participate in the IAAF World Championships. This invitation, in the official languages of the IAAF, shall be sent at least one year before the IAAF World Championships.

The Organising Member, hereafter called "OM", shall, at the same time, also send a letter of invitation to all Members to participate.

### 103.2 Age Categories

#### 103.2.1 Junior Athletes

Any athlete aged 18 or 19 years on 31 December in the year of the competition (e.g. for the 2015 Championships, born in 1996 or 1997) may compete in any event except the Marathon and 50km Race Walk.

#### 103.2.2 Youth Athletes

Any athlete aged 16 or 17 years on 31 December in the year of the competition (e.g. for the 2015 Championships, born in 1998 or 1999) may compete in any event except the throwing events, the Combined Events, 10,000m, Marathon and the Race Walks.

#### 103.2.3 Athletes Younger than 16

No athlete younger than 16 years of age on 31 December in the year of the competition (e.g. for the 2015 Championships, born in 2000 or later) may be entered.

### 103.3 Participation Principles

#### 103.3.1 General

The IAAF shall establish the ideal number of athletes (and relay teams) to start in each event of the Championships. This number will include **qualified** and **unqualified** athletes (and relay teams).

**Individual Athletes** can qualify in one of four ways:

1. Automatically by achieving the Entry Standard within the qualification period in accordance with criteria decided by IAAF (see 103.3.2)
2. Based on the finishing position at designated competitions (see 103.3.3)
3. By Wild Card (see 103.3.4)
4. As a result of being one of the best ranked athletes at the end of the qualification period to fill the remaining quota places by event (see 103.3.5). This does not apply to the 5000m, 10,000m, Marathons and Race Walks where entries will continue to be administered by Entry Standards only

**Relay Teams** can qualify in one of two ways:

1. Automatically as being one of the first eight placed teams at the IAAF World Relays held in the year preceding the IAAF World Championships
2. As a result of being one of the best ranked teams at the end of the qualification period to fill the remaining quota places (see 103.3.5).

**Unqualified athletes** (including host country) can participate subject to certain conditions (see 103.3.6).

#### 103.3.2 **Qualification by Entry Standards**

There shall be one Entry Standard for each individual event. The IAAF shall publish the Entry Standards and relevant criteria in the year preceding the IAAF World Championships as follows:

- In March/April for the 10,000m, Marathon, Race Walk and Combined Events
- In November for all other events.

#### 103.3.3 **Qualification by Finishing Position at Designated Competitions**

Athletes shall also be considered as having achieved the Entry Standard in the following cases:

- The **Area Champions** in all the individual events (except for the Marathons). The Member Federation of the Area Champion will have the ultimate authority to enter the athlete or not, based on its own selection criteria. For details see specific Regulations at the end of the section.
- For the **10,000m**, the top 15 athletes finishing in the senior Men's and Women's races at the previous edition of the IAAF World Cross Country Championships.
- For the **Combined Events**, the top three in the previous year's Men's and Women's IAAF Combined Events Challenge.
- For the **20km Race Walk**, the top three in the previous year's Men's and Women's IAAF World Race Walking Challenge.
- For the **50km Race Walk**, the top three in the previous year's IAAF World Race Walking Cup.
- For the **Marathons**, the top 10 finishers at the IAAF Gold Label Marathons held in the qualification period.

#### 103.3.4 **Qualification by Wild Card**

The IAAF will accept the participation of the current **Reigning World Outdoor Champion** and that of the Winner of the previous year's **IAAF Diamond League** (in the corresponding World Championships events) and **Hammer Throw Challenge** as Wild Cards, in each individual event, on the condition that the athlete in question is entered by his Federation. If both are from the same country, only one of the two can be entered with this Wild Card.

If a Member Federation has four athletes in one event as a result of this regulation, all four will be permitted to compete.

Any Member Federation having athletes selected under this rule will receive additional Quotas (see 104.1.) accordingly.

#### 103.3.5 **Qualification by Ranking**

**Individual Events:** following the end of the qualification period, the IAAF shall assess the number of athletes having qualified in accordance with 103.3.2, 103.3.3 and 103.3.4 plus the requests for the participation of unqualified athletes (see 103.3.6). The IAAF shall then invite the athletes with the next best performances in the respective qualification periods until the established ideal number of athletes by event is reached, respecting the maximum quota by Member Federation by event.

**Relays:** following the end of the qualification period, and knowing the Relay Teams that have qualified from the IAAF World Relays, the IAAF shall then invite the teams with the next best performances in the qualification period until the established ideal number of Relay Teams by event is reached.

#### 103.3.6 Participation of Unqualified Athletes

Members who have no male and/or no female athletes who have achieved the Entry Standard or considered as having achieved the Entry Standard (see 103.3.2 and 103.3.3) or qualified relay team, may enter one unqualified male athlete or one unqualified female athlete in one event of the Championships (except the Road Events and Field Events [see below], Combined Events, 10,000m and 3000m Steeplechase).

Members whose best athlete excels in a **Field Event or Road Event**, may submit to the IAAF, by the stipulated deadline, the name of their athlete plus performance they would like to enter. The Technical Delegates will decide whether or not to accept such entry and, to do so, may seek the opinion of the relevant Area Association.

If the **Host Country** of the IAAF World Championships does not have an athlete who has achieved the Entry Standard in an event, or a qualified Relay Team, it may enter one athlete (or Relay Team) in that event regardless, with the exception of the Combined Events and Field Events where the above shall apply.

#### 103.3.7 Qualification Period

- From 1 January in the year preceding the IAAF World Championships to the closing date for the Final Entries for the 10,000m, Marathon, Race Walk, Relays and Combined Events
- From 1 October in the year preceding the IAAF World Championships to the closing date for the Final Entries for all other events

### 103.4 Entry Rules

103.4.1 Member Federations can compete with up to three athletes in each event with the exception of the Relays (see 103.4.3) on condition that they are all qualified. A fourth athlete can compete as the Reigning World Champion or Diamond League / Hammer Throw Challenge Winner wild card – see 103.3.4.

103.4.2 Member Federations can enter a **reserve athlete** in each event on condition that he has achieved the Entry Standard.

103.4.3 **Relay Teams** – A maximum of six athletes may be entered for each Relay Team. All athletes already entered in the corresponding individual events (100m or 400m) including the eventual reserve shall automatically count towards the six entries of the team. Any four athletes among those entered for the competition, whether for the relay or for any other event, may then be used in the composition of the team for the first round.

### 103.5 Preliminary Entries

IAAF shall only accept Preliminary Entries received from the Member Federation. Preliminary Entries must be submitted using the IAAF On-line Event Entry System: <http://evententry.iaaf.org>. The submission of Preliminary Entries will normally be possible from one month prior to the preliminary entry deadline which is four months before the first day of the IAAF World Championships. The entries shall indicate the number of athletes and officials as well as the anticipated travel dates and accommodation requirements.

### 103.6 Final Entries

IAAF shall only accept Final Entries received from the Member Federation. Final Entries must be submitted using the IAAF On-line Event Entry System: <http://evententry.iaaf.org>. The submission of Final Entries on-line for the competition will be possible from one month prior to the final entry deadline which is not later than two Mondays before the first day of competition (e.g. Monday, 13 August for a competition starting on Friday, 24 August), midnight Monaco time.

### 103.7 Final Confirmation of Entries

Unless otherwise specified in the Team Manual, for events held on the first day, Final Confirmation of Entries must be made before 12:00 (midday) two days before the first competition day and, for all subsequent days, before 9:00am on the day before the event.

## 104 FINANCIAL CONDITIONS

### 104.1 Quota

The host country has no quota.

### 104.2 Financial support

All athletes within the quota, representing Members which are in Good Standing with the IAAF, will benefit from return economy class travel and full-board accommodation.

#### 104.2.1 Travel

The IAAF or the LOC will, in principle, make all the travel arrangements for the athletes, unless a specific written request is sent to the IAAF Office (by a set deadline) which includes a quote for approval. The IAAF will then confirm or reject the request. After the deadline, the IAAF reserves the right to refuse such requests.

#### 104.2.2 Accommodation

All athletes within the quota will benefit from full-board accommodation in twin rooms paid for by the LOC for a maximum of 13 nights, during the subsidised period of the IAAF World Championships (a supplement will be charged for single room occupancy).

The number of officials accommodated at subsidised rates is limited (see Appendix A). Depending on availability, the additional officials allowed may be offered accommodation at regular rates.

The accommodation invoice will be based on the entry details (number of people, arrival and departure dates) submitted by the Final Entries deadline, with a tolerance of two.

### 104.3 Competition Awards

Competition Awards will be paid subject to the procedure established by the IAAF Council.

### 104.4 Penalties

Members must respect the deadlines and provide accurate information in their entries in order to avoid causing financial damage to the LOC. Failure to do so may result in the application of financial penalties as detailed below. The penalties will be debited to the account of the Member with the IAAF.

#### 104.4.1 Respect of Deadlines

A penalty of \$1,000 USD may be imposed on any Federation which does not respect the Preliminary and/or Final Entry deadlines.

## AREA CHAMPIONS AUTOMATIC QUALIFICATION REGULATIONS

In November 2007, the IAAF Council approved the principle by which the Area Champions automatically qualify for the IAAF World Championships. This principle was implemented for the first time for the 2009 edition in Berlin, GER.

Below are the specific Regulations which govern the application of this principle.

1. The Area Champion in each individual event (except the Marathons) automatically qualifies for the IAAF World Championships, irrespective of whether his performance has reached the Entry Standard.
2. The Area Champion shall be the one who has achieved the title at the Area Championships held in the year of the IAAF World Championships or in the preceding year.
3. If an Area does not have Area Championships in those years, then the Area may organise an alternate event to select the Area Champion in that period.
4. The Member Federation of the Area Champion will have the ultimate authority to enter the athlete or not, based on its own domestic standard or qualification system.
5. If the Member Federation of the Area Champion enters the athlete, he will be considered as having achieved the Entry Standard.
6. If the Area Champion, due to any reason, is not entered, this quota will not be delegated to the second placed athlete and the normal entry rules and conditions apply.
7. For those Area Championships that do not have certain events, the Area Associations can organise alternate Area specific event Championships with conditions conforming to Area Championships Regulations.
8. For an Area having restricted Area Championships, the Area Association may specify an existing competition of a suitable standard for the purpose of identifying the Area Champion. In such cases, it is necessary that all Member Federations within the Area be invited to compete in this Competition.
9. For the Marathon, the current qualification principles still apply.

Team leaders must present athletes' passports upon arrival, or other official documents indicating the year of birth, to confirm ages in order for them to be photocopied by the organisers.

### 403.3 Entry Standards

403.3.1 Approximately twelve months before the IAAF World Youth Championships, the IAAF shall publish for all events, except the relays (for which there are no Entry Standards), the Entry Standards and relevant criteria.

### 403.4 Entry Rules

403.4.1 A maximum of two athletes from any one Member can compete in each event (except for Relay – [see 403.4.7]).

403.4.2 Three athletes can initially be entered per event, provided each has achieved the Entry Standard but only two will be allowed to compete.

403.4.3 The maximum number of events that an athlete can compete in is two individual events plus the Relay. If the two individual events are Track Events, only one of these two individual races may be longer than 200m.

403.4.4 **Unqualified Athletes** – Members who have no male and/or female qualified athletes whom they wish to enter in any Championships event, may enter one unqualified male athlete or one unqualified female athlete in one event of the Championships (except the Field Events [see 403.4.5] and Combined Events).

403.4.5 **Field Events** – Members who have no male and/or no female qualified athlete but whose best athlete excels in a Field Event, may submit to the IAAF, by the stipulated deadline, the name of their athlete plus performance they would like to enter in the Field Event. The Technical

Delegates will decide whether or not to accept such entry and, to do so, may seek the opinion of the relevant Area Association.

403.4.6 **Host Country** – If the host country of the IAAF World Youth Championships does not have a qualified athlete in an event, it may enter one athlete in this event regardless of any Entry Standard.

403.4.7 **Relay Teams** – Every Member may enter one team for the relay race, composed by a maximum of three boys and three girls. Any four athletes (two boys and two girls) among those entered for the competition, whether for the relay or for any other event, may then be used in the composition of the team for the first round.

#### 403.5 **Preliminary Entries**

IAAF shall only accept Preliminary Entries received from the Member Federation. Preliminary Entries must be submitted using the IAAF On-line Event Entry System: <http://evententry.iaaf.org>. The submission of Preliminary Entries will normally be possible from one month prior to the preliminary entry deadline which is three months before the first day of the IAAF World Youth Championships. The entries shall indicate the number of athletes and officials as well as the anticipated travel dates and accommodation requirements.

#### 403.6 **Final Entries**

IAAF shall only accept Final Entries received from the Member Federation. Final Entries must be submitted using the IAAF On-line Event Entry System: <http://evententry.iaaf.org>. The submission of Final Entries on-line for the competition will be possible from one month prior to the final entry deadline which is not later than three Mondays before the first day of competition (e.g. Monday, 7 July for a competition starting on Wednesday, 23 July), midnight Monaco time. The IAAF may request a copy of the official results of the event where the performances have been achieved.

#### 403.7 **Final Confirmation of Entries**

Unless otherwise specified in the Team Manual, for events held on the first day, Final Confirmation of Entries must be made before 12am (midday) the day before the first competition day and, for all subsequent days, before 9am on the day before the event.

The number of officials who may be entered and/or accommodated with the Team is limited and will be in accordance with the total number of athletes entered. See Appendix A.

## **404 FINANCIAL CONDITIONS**

### **404.1 Quota**

The Quota corresponds to the number of athletes for whom the IAAF and/or the LOC will provide financial support as detailed below. The quota is calculated for each Member Federation according to the number of finalists in the previous edition of the IAAF World Youth Championships (each relay team counts for two places). In any case the maximum quota for any Member is 20.

Member Federations without a set quota will have a quota of one athlete unless by the deadline for the Final Entries, they have two or more athletes (at least one boy and one girl) having achieved the standards; in this case, their quota will be increased to two.

The Host country has no quota.

### **404.2 Financial Support**

All athletes in the quota, representing Member Federations which are in Good Standing with the IAAF, will benefit from return economy class travel and full-board accommodation.

#### **404.2.1 Travel**

The IAAF will, in principle, make all the travel arrangements for the athletes, unless a specific written request is sent to the IAAF Office (by a set deadline) which includes a quote for approval. The IAAF will then confirm or reject the request. After the deadline, the IAAF reserves the right to refuse such requests.

#### **404.2.2 Accommodation**

All athletes in the quota will benefit from full-board accommodation in twin rooms paid for by the LOC and the IAAF for a maximum of seven nights during the subsidised period of the IAAF World Youth Championships.

The number of officials accommodated at subsidised rates is limited (see Appendix A). Depending on availability, the additional officials allowed may be offered accommodation at regular rates.

The accommodation invoice will be based on the entry details (number of people, arrival and departure dates) submitted by the Final Entries deadline, with a tolerance of two.

### **404.3 Competition Awards**

There are no competition awards for the IAAF World Youth Championships.

### **404.4 Penalties**

Member Federations must respect the deadlines and provide accurate information in their entries in order to avoid causing financial damage to the LOC. Failure to do so may result in the application of financial penalties as detailed below. The penalties will be debited to the account of the Member with the IAAF.

#### 404.4.1 **Respect of Deadlines**

A penalty of USD 1,000 may be imposed on any Federation which does not respect the Preliminary and/or Final Entry deadlines.
