

Standards certifications are marked using an official IAAF Certified logo to cover:
Products and Facilities

Primary Positive Logo Set

Certification logos are supplied in flat colour and monochrome – plus reversed versions for use on black or dark background.

Rules on Display

No display will be authorised on non-IAAF certified products or in connection with non-IAAF certified facilities.

The “IAAF Certified” Logo may only appear on the certified product itself, on catalogue or promotional material next to the certified product, its photo or name or in connection with a certified facility.

The Certified Logo on all certified implements or equipment should appear once on each item according to the sizes mentioned below.
