EVOLUTION OF WORLD INDOOR RECORDS

These lists show the evolution of world indoor best performances and recognised IAAF World Records. The marks which were officially ratified by the IAAF are shown in bold, but because this process did not start until January 1, 1987, they are preceded by a longer list of unofficial "world indoor bests". In that category, hand times are shown only if better than the best automatic timing on record. Some footnotes contain "professional" marks set in years when athletes were largely amateurs and professionals competed often with different and possibly less strict rules. Update and corrections since the 2010 edition are denoted by a vertical bar ("|") in the right margin. As at January 31, 2012.
