

4 x 400 METRES RELAY SPLIT TIMES

Derived from data kindly supplied by ST SPORTSERVICE GmbH (a service by Swiss Timing), the following listings give actual and estimated times for all runners in the Beijing Olympic 4x400m relay races. For the first and second legs, the time given is an estimate (e) based on photo-finish time at finish line by first leg runner before stagger unwinds. For the third and fourth legs times are computed from photo-finish pictures of the baton holder at the finish line.
